## Continuation Sheet (PTOL-324)

Application No.

Applicant states on pages 29-32 of the remarks that with respect to claim 18, the examiner took Official Notice. However, upon review of the office action of August 24, 2006, it does not appear that Official Notice was ever relied upon. Due to the amount of remarks by applicant, the complexity of the instant application and the numerous related applications, applicant should indicate where the Official Notice is thought to be in the office action, in order to provide a clean record. Perhaps applicant is referring to one of the related applications?
